

## Industry Fellowship and Short Industry Fellowship Awards Frequently Asked Questions

### ELIGIBILITY

**1. I have industrial experience but don't hold a PhD, am I eligible to apply?**

The office will need to review your proven track record, please contact the grants team to check your eligibility: [innovationgrants@royalsociety.org](mailto:innovationgrants@royalsociety.org).

**2. Can I apply for both an Industry Fellowship and a Short Industry Fellowship at the same time?**

No, you cannot have concurrent applications detailing similar projects submitted to both The Royal Society Industry Fellowship and The Royal Society Short Industry Fellowship rounds at the same time.

**3. My previous application was unsuccessful, can I reapply?**

Yes, resubmissions are eligible and will be treated separately. The outcome of applications from previous rounds will not be considered in the assessment process. Please note that feedback can be provided upon request. Applicants who wish to reapply should ensure that they have addressed the main areas of concerns as highlighted within any feedback received.

**4. I am on a fixed-term contract. Would I be eligible to apply?**

For the Royal Society Industry Fellowship, you must have a permanent or an open-ended contract.

For the Royal Society Short Industry Fellowship, the contract may be fixed-term, but the end date must be after the expected end of the Short Industry Fellowship.

**5. I was awarded a Short Industry Fellowship, can I apply for the 4-year Industry Fellowship Scheme?**

Yes, we encourage you to apply to the Royal Society Industry Fellowship scheme if you are seeking to build longer-term collaborations.

**6. I previously held a Royal Society Industry Fellowship can I reapply?**

Yes, but your new application cannot be a continuation of your previous fellowship therefore you will be required to apply with a new partner organisation and propose a new project.

**7. I am a shareholder of the Industrial company, am I eligible to apply?**

If you have more than or equal to 25% shares in the company, you will not be eligible to apply with this Industrial company. If you hold less than 25% of shares, then you must clearly state how the fellowship will benefit the not-for-profit research organisation or university.
